**Practitioner's Responsibility**

Our responsibility is to express a conclusion on the accompanying financial statements based on our review. We conducted our review in accordance with Canadian generally accepted standards for review engagements, which require us to comply with relevant ethical requirements.

**1. NATURE OF ORGANIZATION**

The organization is a not for profit provincial sport organization incorporated without share capital. Letters patent were issued May 23, 2006. The organization's goal is to develop football in Ontario by providing programs to improve the game through participation and mandates developed by its membership.

The organization is exempt from income tax under the Income Tax Act.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements have been prepared in accordance with Canadian accounting standards for not for profit organizations and include the following significant accounting policies:

(a) BASIS OF ACCOUNTING

The organization follows the restricted fund method of accounting for contributions.

General fund

The general fund reports resources available for the organization's general operating activities.

Externally restricted fund

The restricted fund reports resources that are externally restricted and are to be expended in accordance with the external restrictions placed on them. Eligible expenditures comprise charges that will benefit the team overall as opposed to any one individual team member.

(b) CAPITAL ASSETS

Amortization is taken on assets at the following rates:

Equipment	- 20% declining balance basis
Computer hardware	- 50% declining balance basis

(c) IMPAIRMENT OF LONG LIVED ASSETS

Long lived assets are tested for recoverability whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. An impairment loss is recognized when the carrying value exceeds the total undiscounted cash flows expected from their use and eventual disposition. The amount of the impairment loss is determined as the excess of the carrying value of the asset over its fair value.

(d) REVENUE RECOGNITION

Revenue is recognized when earned, if the amount can be reasonably estimated and collection is reasonably assured.

Government grant contributions are recognized in the period the related expenditures occur.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

(e) USE OF ESTIMATES

The preparation of financial statements in conformity with Canadian accounting standards for not for profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

(f) FINANCIAL INSTRUMENTS

Measurement of financial instruments

The organization initially measures its financial assets and liabilities at fair value.

The organization subsequently measures all its financial assets and financial liabilities at amortized cost.

Financial assets measured at amortized cost include cash and restricted fund investment 50/50 draw.

Financial liabilities measured at amortized cost include accounts payable and accrued liabilities and deferred grant revenue.

Impairment

Financial assets measured at amortized cost are tested for impairment when there are indicators of impairment. If an impairment has occurred, the carrying amount of financial assets measured at amortized cost is reduced to the greater of the discounted future cash flows expected or the proceeds that could be realized from the sale of the financial asset. The amount of the write-down is recognized in the statement of revenue and expenditures. The previously recognized impairment loss may be reversed to the extent of the improvement, directly or by adjusting the allowance account, provided it is no greater than the amount that would have been reported at the date of the reversal had the impairment not been recognized previously. The amount of the reversal is recognized in the statement of revenue and expenditures.

Transaction costs

The organization recognizes its transaction costs in net income in the period incurred. However, financial instruments that will not be subsequently measured at fair value are adjusted by the transaction costs that are directly attributable to their origination, issuance or assumption.

**3. FINANCIAL INSTRUMENTS**

Unless otherwise noted, it is management's opinion that the organization is not exposed to significant interest, credit, currency, liquidity, or other price risks arising from their financial instruments.

The extent of the organization's exposure to these risks did not change in 2017 compared to the previous period.

Because of the difficulty in determining the fair value, contributed services and donations in kind are not recorded in the financial statements.
